

Our Accountability Statement

Our commitment to children and young people

LIFE
WITHOUT
BARRIERS

We envision a world where every person is connected, feels safe, valued and empowered to thrive.

We commit to sharing information in ways that are: easy to understand, involve children and young people in decisions, and are transparent about what we can and cannot do. We will ensure regular, honest communication, provide clear and accessible information about care plans, provide information about children's rights, and support young people through every stage of their journey — from understanding why they are in care to preparing for independent living. We promise to listen, explain, and act with transparency and respect.

When we fall short, we will listen, explain, and improve — because accountability means learning and growing together.
