

## VACCINATION HUBS IN VICTORIA

Easy English book June 2021

---

### How to use this book

This book is by Life Without Barriers.

It is in Easy English.

We use pictures to help people know what it is about.

When words are in **blue** we will tell you what the words mean.

This book tells you about Life Without Barriers' new COVID-19 Vaccination Hub in Victoria.

**Coronavirus** is a virus that has been going around and making some people sick.

Coronavirus sounds like 'ca-ro-na-vy-rus'.

It is sometimes also called **COVID-19**.

Coronavirus is like the flu. You can't see it but if you catch it you may feel very sick.

You can get the virus from someone coughing, sneezing or touching you if they have it.

Life Without Barriers wants to help everyone stay safe and healthy.

**LIFE WITHOUT BARRIERS**

To help stop Coronavirus spreading, Life Without Barriers is working with the **Australian Government.**

The Australian Government is a special group of people.

Their job is to help keep all people in Australia safe.

Life Without Barriers and the Australian Government are working together to help get people **vaccinated**.

**Vaccinated** means a person gets special needles that help their body fight viruses that could make them sick.

It helps a person stay healthy and happy.

To get vaccinated, a needle with medicine will go into your arm.

It might hurt a little but it is over quickly.

Life Without Barriers and the Australian Government want everyone to get vaccinated to stop Coronavirus spreading.

There are now special **vaccination hubs** in Melbourne to help people do this.

This is a place where people can get their Coronavirus vaccine.

Vaccination hubs are a special place where people with disability can feel

- safe
- comfortable
- supported

There are now vaccination hubs in

- Dandenong
- Thomastown

People allowed include

- People with disability
- Support workers who give disability services

It does not matter what their age is

The Coronavirus vaccine being given at the hubs is called **Pfizer**.

It sounds like f-eye-zer

The boss of Life Without Barriers is Claire Robbs.

Claire is happy about the new vaccination hub to help people get their vaccine.

Claire says, “we are working together to help our staff and people with disability to get vaccinated and stay safe.”

If you have any questions, talk to your **support network.**

We call the people you trust, like family and friends, your support network.
